

**GENERAL SERVICES ADMINISTRATION
Federal Supply Service
Authorized Federal Supply Schedule Pricelist**

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is: GSAAvantage.gov.

MULTIPLE AWARD SCHEDULE

**LARGE CATEGORY: INFORMATION TECHNOLOGY
SUBCATEGORY: IT SERVICES**

Special Item Number 54151S Information Technology Professional Services

IT Professional Services and/or labor categories for database planning and design; systems analysis, integration, and design; programming, conversion and implementation support; network services, data/records management, and testing.

The Contractor shall not resell IT Professional Services, except that IT professional services may only be resold in direct support of products that are authorized to be sold via the schedule contract, e.g., SIN 54151 - Software Maintenance Services that supports SIN 511210 - Software Licenses. (This does not include SINs within the IT Services Subcategory).

NOTE: Subject to Cooperative Purchasing

FSC/PSC Code: DA01

**LARGE CATEGORY: MISCELLANEOUS
SUBCATEGORY: COMPLEMENTARY SINs**

Special Item Number OLM Order-Level Materials (OLM)

OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:

OLMs are:

- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering

Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)

- Only authorized for use in direct support of another awarded SIN
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)

- Subject to a Not To Exceed (NTE) ceiling price

OLMs are not:

- "Open Market Items"
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:

- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.

NOTE: Subject to Cooperative Purchasing

FSC/PSC Code: 0000

A Small Business

CUSTOMER INFORMATION

1a. Table of awarded Special Item Numbers:

Special Item Number 54151S Information Technology Professional Services
Special Item Number OLM Order-Level Materials

1b. Identification of lowest priced model number and corresponding price for each awarded Special Item Number:

Special Item Number	Service / Product	GSA Price with IFF
54151S	Technical Documentation Specialist	\$96.84
54151S	Graphic and Multimedia Specialist	\$96.84

1c. Identification of Services and Hourly Rates: See Pages 9 through 11, below.

2. Maximum Order:

Special Item Number 54151S \$500,000
Special Item Number OLM \$250,000

3. Minimum Order: \$100

4. Geographic Coverage: Worldwide

5. Point of Production: Columbia, Maryland USA

6. Discount from Commercial List Price or Market Rate:

The GSA Net Prices published on the GSA Advantage website reflect the fully burdened price. The negotiated discount has been applied and the Industrial Funding Fee has been added.

7. Quantity Discounts: Not Applicable

8. Prompt Payment Terms: Net 30 days

Information for Ordering Offices: Prompt Payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. Government Purchase Card:

Accepted for sales at or below the micro-purchase threshold.

Acceptance for purchases above the micro-purchase threshold will be determined on a procurement-by-procurement basis.

10. Foreign Item(s): Not Applicable

11a. Time of Delivery: As negotiated with the Ordering Activity

11b. Expedited Delivery: As negotiated with the Ordering Activity

11c. Overnight and 2-day Delivery: As negotiated with the Ordering Activity

11d. Urgent Requirements:

Ordering Activities can contact the Contractor's Representative for the purpose of requesting accelerated delivery to meet urgent requirements.

12. F.O.B. Point: Destination

13a. Ordering Address:

Bach Nguyen
President and Chief Executive Officer
B-Line Express, Inc.
10440 Little Patuxent Parkway
Suite 300 and 900

15. Warranty Provision: Standard Commercial Warranty

16. Export Packing Charges: Not Applicable

17. Terms and conditions of Government purchase card acceptance:

Please contact the Contractor for terms and conditions of acceptance.

18. Terms and conditions of Rental, Maintenance, and Repair: Not Applicable

19. Terms and conditions of Installation: Not Applicable

20. Terms and conditions of Repair Parts indicating date of parts price lists and any discounts from list prices:

Not Applicable

20a. Terms and conditions for any other Service: Not Applicable

21. List of Service and Distribution Points: Not Applicable

22. List of Participating Dealer: Not Applicable

23. Preventative Maintenance: Not Applicable

24a. Special Attributes such as Environmental Attributes (E.G., Recycled Content, Energy Efficiency, and/or Reduced Pollutants):

Not Applicable

24b. Section 508 Compliance Information:

Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT). The EIT standard can be found at: <http://www.Section508.gov/>.

25. Data Universal Number System (DUNS) Number: 011 982 894

26. Notification regarding registration in System for Award Management (SAM) database:

Contractor has a current registration in SAM.

27. Description of Services and Approved Hourly Rates

1. Oracle Database Administration, Optimization Expert

Minimum/General Experience: Minimum of 5 years of experience in DBMS analysis and programming with 2 years' experience managing, optimizing, designing and modeling databases, specifically with Oracle databases.

Functional Responsibility: Plans, organizes, and controls overall activities of database systems. Responsibilities include monitoring standards, systems, and procedures as they relate to database design and integration; defining the scope of database function; organizing the database function; maximizing the data query performance, ensuring the scalability and optimization of the database, documenting activities, procedures, and results; and managing database security.

Minimum Education: Bachelor's degree

2. Oracle Database Design, Security and Scalability Expert

Minimum/General Experience: Minimum of 7 years of experience in DBMS analysis and programming with 2 years' experience managing, scaling, designing and modeling databases, specifically with Oracle databases.

Functional Responsibility: Plans, secures, organizes, scales and controls overall activities of database systems. Responsibilities include monitoring standards, systems, and procedures as they relate to database design and integration; defining the scope of database function; organizing the database function; maximizing the data query performance, ensuring the scalability of the database, documenting activities, procedures, and results; and managing database security.

Minimum Education: Bachelor's degree

3. Senior SQL 2000 Database Administration

Minimum/General Experience: Minimum of 5 years of experience in DBMS analysis and programming with 2 years' experience managing, designing and modeling databases, specifically with SQL or SQL 2000 databases.

Functional Responsibility: Plans, organizes, and controls overall activities of SQL database systems. Responsibilities include monitoring SQL standards, systems, and procedures as they relate to database design and integration; defining the scope of database function; organizing the database function; maximizing the data query performance, ensuring the scalability of the database, documenting activities, procedures, and results; and managing database security.

Minimum Education: Bachelor's degree

4. Technical Documentation Specialist

Minimum/General Experience: Minimum of 4 years' experience, as a Technical Documentation Specialist.

Functional Responsibility: This position is responsible for development of variety of documentation including user manuals, training materials, reference guide and online help text, procedures for development tools used on a large project, documentation of usage for all tools used by technical support team

Minimum Education: Bachelor's degree or an additional 4 years' experience as Technical Documentation Specialist.

5. Web Developer

Minimum/General Experience: Minimum of 2 years' experience in web development. Experience includes knowledge in software development, Internet technologies, and extensive understanding in principles and practices of the software development life-cycle (SDLC).

Functional Responsibility: Responsible for performing requirement analysis, design analysis, programming, software integration, documentation, test and evaluation, engineering design/analysis, and other technical types of tasks.

Minimum Education: Bachelor's degree

6. Rich Internet Application Engineer

Minimum/General Experience: Minimum of 2 years' experience. Requires knowledge of integrating interactive front-end interfaces with robust back-end systems.

Functional Responsibility: Design and implements Architect Rich Internet Applications to meet client needs. Builds creative reliable solutions to efficiently deliver traditional information on-line. Gauge client needs through in-depth studies of their business process and requirement. Use of Flash for on-line applications, front-end applications in command centers, and real-time multi-user applications. Collaboration with developers and designers. The engineer's day-to-day functions also include cooperation to ensure smooth project execution. Active participation in and research on the latest industry trends and advancements in Flash technologies.

Minimum Education: Bachelor's degree

7. Advanced ColdFusion Developer / CFMX Developer

Minimum/General Experience: Minimum of 3 years professional experience. Experience includes: exposure to information systems design, knowledge in Internet technologies, software development, with specific experience in ColdFusion and CFMX development

Functional Responsibility: Responsible for performing requirement analysis, design analysis, programming, software integration, documentation, test and evaluation, engineering design/analysis, and other technical types of tasks.

Minimum Education: Bachelor's degree

8. Senior JAVA Developer/ Programmer

Minimum/General Experience: Minimum of 5 years professional experience. Experience includes: exposure to information systems design, understanding of applications programming, specific experience in Java.

Functional Responsibility: Responsible for performing JAVA requirement analysis, design analysis, programming, software integration, documentation, test and evaluation, engineering design/analysis, and other technical types of tasks.

Minimum Education: Bachelor's degree

9. Graphic and Multimedia Specialist

Minimum/General Experience: Minimum of 5 years' experience in web page design and multimedia delivery. Demonstrated design, design management, job consulting, use of graphics and multimedia design tools and applications.

Functional Responsibility: Responsible for design and implementation of all interactive multimedia and graphic elements of the Internet content.

Minimum Education: Bachelor's degree or an additional 5 years' experience as a Graphic and Multimedia Specialist

10. Web-Multimedia Specialist

Minimum/General Experience: Minimum of 2 years' experience in web page design and multimedia delivery. Demonstrated design, design management, job consulting, use of graphics and multimedia design tools and applications.

Functional Responsibility: Responsible for web-multimedia design and implementation of all interactive elements of the Internet content.

Minimum Education: Bachelor's degree

11. Technical Lead for Software Development

Minimum/General Experience: Minimum of 5 years' experience in software development. Knowledge and experience in Visual Basic, Java and C++.

Functional Responsibility: Design and implement software development projects using object-oriented methodology. Document software design and functionality. Provide technical support for applications.

Minimum Education: Bachelor's degree

12. System Architect/Web Architect, Real-Time Expertise

Minimum/General Experience: Minimum of 2 years of professional experience, specializing in an Internet environment. This position leads web design and development teams charged with providing clients with an online presence. Experience includes: team management responsibility, understanding and application of major web technologies, and overall online quality control methods.

Functional Responsibility: Serves as the web design and development team leader, coordinating the efforts of web designers and architects, to construct and deploy online presence for clients. Works with clients to define scope of work and web requirements.

Minimum Education: Bachelor's degree

13. System Security Administrator

Minimum/General Experience: Minimum of 2 years' experience in defining network and computer security requirements, evaluation of approved security products capabilities, and developing solutions to multi-level security problems.

Functional Responsibility: Manages the analysis of security requirements for multi-level security issues. Manages the design, development, engineering, and implementation of solutions to multi-level security including web servers, databases and VPN access. Performs risk analyses, which includes risk assessment.

Minimum Education: Bachelor's degree

14. VM Ware/LAN/TCP/ IP System Administrator

Minimum/General Experience: Minimum of 4 years' experience in managing VM Ware/ LAN/ TCP/ IP.

Functional Responsibility: Responsible for managing the daily activities of configuration and operation of business systems encompassing heterogeneous platforms. Optimizes system operation and resource utilization and performs system capacity analysis and planning. Provides support on all phases of analysis, design, testing and implementation of networks.

Minimum Education: Bachelor's degree

15. Windows Network Administrator

Minimum/General Experience: Minimum of 2 years' experience in maintaining multi-user network with multiple operating systems and software applications. Experiences in Windows platform required.

Functional Responsibility: Responsible for installing, maintaining and troubleshooting multiple computer operating systems and software applications. Also work with clients to insure network and computer security. Performs maintained tasks to insure the stability of the network and computers. At times, provide training to users when necessary.

Minimum Education: Bachelor's degree

16. Technical Project Manager

Minimum/General Experience: Minimum of 2 years' experience, which includes: managing and implementing information technology projects. Demonstrated ability to provide technical direction for projects and, proven expertise in the management and control of resources, and demonstrated capability in managing contracts. General experience includes management of a diverse group of functional activities, subordinate groups of technical and administrative personnel.

Functional Responsibility: Responsible for providing technical and managerial leadership of technical projects. Basic responsibilities include overseeing all phases of project planning, specification review, change requests, and close-out; leading a program by outlining, assigning and coordinating work; scheduling and allocating work, providing advice and guidance, and resolving problems to meet technical performance and financial objectives; developing new and refining existing process to enhance quality and productivity; ensuring the product quality and timeliness of efforts.

Minimum Education: Bachelor's degree

17. Graphic Designer / Human Interface specialist / Flash Designer

Minimum/General Experience: Minimum of 5 years' experience in web page design, Human Interface development, flash design and multimedia delivery. Demonstrated design, design management, job consulting, use of graphics and multimedia design tools and applications.

Functional Responsibility: Responsible for the design and implementation of all interactive elements of the Internet content.

Minimum Education: Bachelor's degree or an additional 5 years' experience as a Graphic Designer/Human Interface specialist/flash Designer.

18. Quality Management Specialist

Minimum/General Experience: Minimum of 2 years' experience performing, developing and/or managing application and field-test programs. Knowledge of Rational test software.

Functional Responsibility: Performs testing including the execution of test plans, procedures and schedules. Prepares test reports and performs integration testing, system testing, stress testing, acceptance testing and regression testing. Participating in the software development lifecycle.

Minimum Education: Bachelor's degree

19. VB/ .NET/ C# Web Developer

Minimum/General Experience: Minimum of 2 years of experience in VB, C# and .NET Development

Functional Responsibility: Development and design of applications using MS Access and VB, and .NET

Minimum Education: Bachelor's degree

20. XML Architecture Specialist

Minimum/General Experience: Minimum of 2 years' experience in developing XML Architecture. Experience includes knowledge in software development, Internet technologies, and extensive understanding in principles and practices of the software development life-cycle (SDLC).

Functional Responsibility: Designs and implements xml communication

Minimum Education: Bachelor's degree

21. Implementation/ Development Project Manager

Minimum/General Experience: Minimum of 2 years' experience, which includes: managing and implementing information technology projects. Demonstrated ability to provide technical direction for projects and, proven expertise in the management and control of resources, and demonstrated capability in managing contracts. General experience includes management of a diverse group of functional activities, subordinate groups of technical and administrative personnel.

Functional Responsibility: Responsible for providing technical and managerial leadership of technical projects. Basic responsibilities include overseeing all phases of project planning, specification review, change requests, and close-out; leading a program by outlining, assigning and coordinating work; scheduling and allocating work, providing advice and guidance, and resolving problems to meet technical performance and financial objectives; developing new and refining existing process to enhance quality and productivity; ensuring the product quality and timeliness of efforts.

Minimum Education: Bachelor's degree
